

Kurzweil 3000® *firefly*

Help your struggling students, including students with Learning Differences and English Language Learners, achieve success alongside their peers

- Differentiate instruction without differentiating curriculum
- Promote independent reading and writing
- Teach and support effective research, study skills, and writing strategies
- Manage anytime, anywhere access to content and tools in a single learning environment
- Track usage to inform instructional decisions

"Kurzweil 3000-*firefly* creates independent and responsible learners because students don't have to rely on someone else to help with reading, writing, or note taking. And with *firefly*, students can extend their learning anywhere they have an Internet connection."

— Michele Nixon, Learning Specialist,
St. John's High School, Ohio

The Kurzweil 3000-*firefly* learning environment allows students to work on any of four different platforms connected by a centralized user management, file storage, and reporting system. Each platform provides different levels of literacy support. Each student can use the appropriate platform(s) to meet his or her individual needs.

Helping Struggling Students Succeed with Common Core State Standards

Award-winning Reading, Writing, Study Skills Software

Kurzweil 3000-*firefly* is literacy support software that enables struggling students to learn from the same content as their peers. Anchored in the principles of Universal Design for Learning, it supports the complex tasks of developing fluency, vocabulary, comprehension, writing, study skills, and test taking. Kurzweil 3000-*firefly* provides access to any curriculum, anytime and anywhere.

Promote Reading Proficiency and Comprehension:

- Develop fluency by listening to any content, originally available digitally or in print
- Build vocabulary through exposure to grade-level content, and with word and picture dictionaries
- Reinforce comprehension with text tracking, highlighting, and translation tools

Writing Support:

- Scaffold writing projects by extracting highlights and notes
- Organize thoughts with graphical pre-writing templates
- Broaden vocabulary using specific word lists
- Ensure quality of written work using word prediction, spellcheckers and dictionaries
- Proofread grammar, spelling, and content by hearing text read out loud

Study Skills and Test Taking Support:

- Emphasize important information using highlighters and circling tools
- Create study guides, outlines, or flash cards from highlighted text
- Develop and assess comprehension with questions added directly to the text (multiple choice, matching, and fill-in-the-blank)
